

Bay State Girls Softball League Fundraising Mission statement & Objectives:

The Bay State Girls Softball League is committed to the advancement of girl's fast pitch softball, promoting the long-term growth of our players and providing a positive community environment.

Our fundraising slogan is "DRIVE FOR 25 - Keep Bay State Growing", and is focused on raising funds to continue to promote that growth while continuing to make softball affordable for all girls in the Greater New Bedford area.

Our goal is to raise \$25,000 over the next 5 years, which will allow us to reach our long-term goals without increasing registration fees. We are committed to organizing a variety of fundraisers that will be fun and create a sense of community. This will be done through fun activities, such as Bay State's Adult Softball Tournament, as well as through community partnerships and donations.

Our current goals focus on field upgrades and maintenance. Our first objective is to raise funds to paint the fences of diamond 2 & 3, which cost \$600 per field for paint and supplies. Other objectives include: obtaining a scoreboard for Diamond 3, obtaining a John Deere lawn mower to replace our aging used mower, upgrading other necessary tools and supplies required for field maintenance and to help with water drainage, and a long-term goal of obtaining lights for Diamond 3.

With your help, we can take small steps together to reach our goals, one step at a time, which will continue to "Keep Bay State Growing!". Thank you for your support!
